Cumberland Presbyterians Will Organize a  
Church Society—Two Men and a

cion—A Prosecuting Wit-  
ness to Be Attached.

Wednesday night a citizen living near the  
western end of Minnesota avenue walked  
late police headquarters and gave Chief  
Service a "cup" which, it was thought at  
the time, would lead to the capture of a no-  
torious gang of criminals. The citizen  
stated that he had reason to believe that  
thieves were making a rendezvous in the  
vacant stables at Kerr's racing park. He  
said that for several nights past he had  
noticed suspicious looking characters enter  
the fair grounds at all hours of the night.  
On one occasion, he said, he followed one  
man and saw him enter a stable, and shortly  
afterwards a dim light appeared within.  
He stated that the unknown man entered  
quietly, turned on a light, and then he  
saw several men and women sitting on the  
benches and looking at each other. He  
stated that he was watching him.

Chief Service was not much enthused  
over the information, but in order to sat-  
isfy the suspicious citizen he planned a  
raid. At an early hour yesterday morning  
four policemen quietly stole along beside  
the high fence which encloses the park un-  
til they were within a few yards of one of  
the stables. Then they rushed in and  
found the unknown man sitting on the  
bench, surrounded by a group of men and  
women. The man was taken to the police  
station, and the others were released.

IN GOOD DEMAND.

Missouri and Kansas Farmers the Principal  
Buyers—Delegates and Alternates to  
the National Live Stock Ex-  
change Meeting Appointed.

There is no letup in the demand for  
stockers and feeders on this market.  
The good run of Western cattle, the past  
few days and the fact that they have  
been selling lower caused a good many  
buyers to come in from the country for  
them, and they bought without reserve.  
No less than 140 cars of stockers and  
feeders were taken for the country. Mis-  
souri got seventy-one cars, Kansas,  
sixty-two, Nebraska, ten cars, and  
Oklahoma, one car.

here with cattle yesterday.

Frank Grubbs, while asserting hogs  
yesterday, was run into by one of his  
own, and had his ankle badly  
sprained.

R. W. Wicker, Saline county, Mo., was  
here after feeders yesterday. He re-  
ports the best supply of hogs, but says  
cattle are short. Corn selling at 18 to  
20 cents.

MORE TROUBLE FOR JOHN BULL.

Friction Between Great Britain and Col-  
ombia Grows.

Washington, Nov. 14.—There has been  
much friction of late between Great Britain  
and the South American republic of Col-  
ombia, which it is thought may lead to  
hostilities. The British, the Colombians  
government gave a concession to an  
English syndicate to build a railway  
from the Atlantic coast to the interior,  
the richest sections of Colombia. The  
company did not proceed with the work and  
the British minister at Bogota, Dr. Jenner,  
and the German minister at Bogota,  
Dr. Jenner, and the German minister  
received joint instructions to protest  
to the Colombian government. This was  
done, and the Colombian government  
sent a note to the British minister at  
Bogota, stating that the concession was  
made. But this explanation, signed by  
the minister of foreign affairs, is said to  
have been made in a private capacity.  
No settlements were made on the  
arbitration, and now urgent efforts are  
being made to bear on the English for-  
eign office to administer a rebuke to  
Colombia which will serve as a reminder  
that in Colombia, in that country,  
there is no full protection. These efforts
